Meet the folks who make the headlines. State legislators and union leaders will be there to answer your questions. Listen to what they have to say about the future of public education.

We will begin at 9am with a champagne toast to celebrate the successes of our Committee on Political Education. This will be followed by a delicious sit-down breakfast after which our speakers will take the podium and give some brief remarks. We will conclude at noon after a short question and answer period.

The breakfast is FREE to Local 1211 members and their guests.
